Profile

I am a passionate and detail-oriented individual with a strong foundation in web development, particularly using Laravel and JavaScript. I have hands-on experience with modern front-end tools like ReactJS, and I enjoy building dynamic, user-friendly web applications. I am always eager to learn new technologies and continuously improve my skills. With a problem-solving mindset, good communication, and a collaborative spirit, I strive to contribute meaningfully to every project I work on..

Experience

CTO AND FULL STACK DEVELOPER | RATOGURAS TECHNOLOGY | 2025 – 2026

Developed and maintained enterprise web applications using Laravel, PHP, JavaScript, and MySQL. Built REST APIs, implemented authentication systems, optimized queries, and deployed applications on cPanel servers. Handled bug fixing, performance tuning, and feature enhancements while collaborating in an agile team environment.

FULL STACK DEVELOPER | TECHWARE | 2023 – 2025

Specialize in developing and maintaining robust, scalable web applications using the Laravel framework. Experienced in building dynamic and responsive user interfaces with React, Tailwind CSS, and Bootstrap, ensuring modern and intuitive frontend design. Enhance user interaction by integrating dynamic features through jQuery. Actively participate in the full software development lifecycle — from system design and coding to testing, debugging, and deployment. Committed to delivering clean, maintainable code and high-performance solutions tailored to client needs, with a strong emphasis on usability and user satisfaction.
